| Projected Size | 230 MWp + 100MW -2hr Battery |
| Acreage | 1500 |
| School District | Mullin Independent School District |

Community Plan

As a global leading company in the development of sustainable energy, we have to **be a community builder**.

- The **CP actions are a mandatory step** to all projects and areas where the company operates.
- The **CP actions are tailor-made** and specific to fit the community's needs.
- The CP actions can be **local or regional**.
- All of our Community Plan Actions are based on X-ELIO's pillars of **Environment, Education, Health and Communities** and indicators.
- Giving back to the **community** is one of our top priorities
